ACCELERATE YOUR GROWTH WITH A TAILORED INTELLECTUAL PROPERTY (IP) STRATEGY

Lavoix offers a dedicated program to start-ups

An **IP package starting at €345/month** offering a tailor made advice on all the areas covered by the firm: patents, trademarks, designs and contracts.

This package gives **access to flat-rate IP services** to help start-ups manage your IP budget throughout the development of your business.

PI package: services included

- An half a day of training each year to provide you with the basics of IP
- A single contact person, responsible for your IP, to support you in your strategy, answer your questions, available by mail and/or by phone for more responsiveness
- The involvement of your Lavoix contact in your internal IP strategy meetings
- The identification of your intangible assets (patents, trademarks, designs and models), eventually with a brief prior art search
- An open access to a toolbox including IP documents: information on the different IP titles, disclosures, declaration of invention, confidentiality agreement, etc.
- A free online access to your portfolio via our IP data² management tool
- A monthly withdrawal of the subscription that can be revised each year according to the evolution of your business. Minimum commitment of 12 months
